Hypertension complications, comorbidities and drug response

**Satellite Symposium of the XIII Meeting of the European Society
of Hypertension**
Under the Auspices of the Italian Society of Hypertension

Thursday, March 20

Welcome and opening remarks

N. Glorioso (Sassari, Italy)

Chairs: *A. Rappelli (Ancona, Italy), G. Realdi (Sassari, Italy)*

Introductory Lecture

Dissecting the impact of hypertension on cardiovascular disease:
the success of the cardiovascular prevention

A. Menotti (Rome, Italy)

Friday, March 21

Session 1

Clinical paradigms of hypertension-associated complications

Chairs: *A. Menotti (Rome, Italy), A.W. Cowley Jr. (Milwaukee, USA)*

The Framingham heart study

C. Porcellati (Perugia, Italy)

The Utah pedigree, hyperGEN and family heart studies

S. Hunt (Salt Lake City, USA)

The MORGAM project

M. Ferrario (Varese, Italy)

Discussion

Coffee-Break

Session 2

Paradigms of hypertension-associated complications: outcome and susceptibility interaction

Chairs: *E. Agabiti-Rosei (Brescia, Italy)*, *A. Malavasi (Sassari, Italy)*

Genetics, gender and diet in hypertension

A.W. Cowley Jr. (Milwaukee, USA)

Carotid atherosclerosis and cardiovascular risk

M. Puato (Padua, Italy)

Hypercholesterolemia: therapeutic strategies updating

M. Arca (Rome, Italy)

Discussion

Lunch

Session 3

Drug peculiarities in outcomes measure

Chairs: *S. Hunt (Salt Lake City, USA)*, *R. Kreutz (Berlin, Germany)*

LECTURE

The present and the future of cardiovascular pharmacogenomics: the Alghero consensus conference

B. Winkelmann (Heidelberg, Germany)

Coffee-break

Chairs: *C. Porcellati (Perugia, Italy)*, *G. Delitala (Sassari, Italy)*

ROUND TABLE

BP normalization and endpoints: drug peculiarities

Cardiac

N. Glorioso (Sassari, Italy)

Cerebral

M. Volpe (Rome, Italy)

Renal

R. Pontremoli (Genoa, Italy)

Discussion

Chair: *G. Bianchi (Milan, Italy)*

LECTURE

Drug response as final phenotype-pharmacodynamic and pharmacokinetic components

R. Kreutz (Berlin, Germany)

Saturday, March 22

Chairs: *A. Pessina (Padua, Italy), N. Glorioso (Sassari, Italy)*

SPECIAL LECTURE

Cardiovascular guidelines, pharmaco-economy, public health: the Ravenna experience

E. Degli Esposti (Ravenna, Italy)

Coffee Break

Session 4

Hypertension comorbidities

Chairs: *A. Salvetti (Brescia, Italy), F. Mantero (Padua, Italy)*

Diabetes mellitus complications: therapeutic strategies updating
P. Madeddu (Sassari, Italy)

Hypertension and coronary heart disease

B. Trimarco (Naples, Italy)

Impact of hypertension on coronary plaque vulnerability

G.P. Rossi (Padua, Italy)

Discussion

Chairs: *B. Trimarco (Naples, Italy), A. Satta (Sassari, Italy)*

CLOSING LECTURE

Genetics, pathophysiology, disease and drug efficacy - an uneven chain of events

G. Bianchi (Milan, Italy)

Summing up and closing remarks

A. Rappelli (Ancona, Italy)
